VATIVE COMMITTEE.

Very respectfully, W. C. KNIGHT, one of the candidates for the Senate. After hearing the views of Colonel Knight, Colonel, Tanner, General Johnson, and Mr. Wortham, the committee agreed

usual religious services will be held in all of upon the following answer to Colonel the city churches to-morrow except the fol- Knight's request, which answer was communicated to Colonel Knight yesterday:

To Colonel W. C. Knight: The City Central Committee of the Conservative party, convened in extra session to red to Master Commissioner Thomas S. At consider your note of the 7th instant, beginning kins for inquiry and report. leave very respectfully to state that the plan of primary election adopted by us required the election of five candidates for the House of Delegates, and also the election of delegates to a senatorial convention. So far as and the register directed to settle the ac his committee was concerned and, so far as it intended when it adopted the plan, these delegates were to go into convention without instructions.

Our published rules required the commissioners to receive and count the ballots for senatorial delegates whether they had upon them the names of the candidates for the Senate or not; and this rule was adopted after tickets baving your name at their bead had been printed. Its object was to prevent the throwing out of ballots for delegates because these ballots had candidates' names upon them, the supposition of the commissioners being that all such tickets would have to be rejected.

We have never asked one of our number whether he was for Johnson, or Ruight, or Tanner, or Wortham, or Holladay. We have observed strict impartiality as between the various candidates. As we now know, there are upon this committee friends of yours who can testify that all we have here stated put on trial. The jury returned a verdict dorsing any such project. is the exact truth. As it was, therefore, manifestly impossible that this committee should undertake to instruct the delegates as to whom they should vote for before the Convention assembled, so it is equally im- of tobacco of the value of \$30, was tried, possible that they should now decide that convicted, and sent to the penitentiary for these delegates misrepresented their constituents. The delegates are responsible to the people, not to us; and the place to challenge the credentials of the delegates was in the Convention itself, which, like every other such body, was the exclusive judge of the election and qualification of its members.

Finally, this committee had nothing to do | tentiary for one year. with counting the ballots. That duty was performed by the commissioners of election. and the result certified to us. These commissioners are gentlemen in whose honesty and integrity we have every confidence. Nobody can complain of them. We not only have a firm conviction that they properly counted the ballots, but we are equally confident that the gentlemen running against yourself received a majority of the votes cast. Yet if this committee had undertaken to count the ballots, then indeed there would have been murmurings both loud and deep. Every disappointed aspirant would have laid the blame upon the City Central Committee-a committee that receives nothing for its services, and but for whose labors this city would now have negro policemen at every street-corner, scala- evening paper by Messrs. This reply was duly attested by the secretary of the City Committee and conveyed to Colonel Knight, accompanied by a note of the usual form.

REV. JOHN C. GRANBERY, D. D .- This distinguished minister of the gospel, who for the last three years has been pastor of the Broad-Street Methodist church in this city, has accepted a professorship in the theological department of the Vanderbilt University, located in Nashville, Tenn. He will preach his farewell sermon at Broad-Street church to-morrow (Sunday) night, and leave the city for his new home in Nashville on the following Wednesday. He will carry with bim not only the affection of his own Church in Virginia, but also the high esteem and good wishes of all who know him. Dr. Granbery is a man of high culture and refinement, ripe scholar, a man of marked ability in the pulpit, and a man of rare personal, moral influence. Such a man is not only a loss to his own church, but also to the State. The Vanderbilt University, in calling him to the chair of Homeletics and Pastoral Theology, could scarcely have made a better selection than in the choice of Dr. Granbery. His church parts with bim with feelings of reluctance, and in this feeling the whole community sympathizes with his church.

PERSONAL. - Rev. John E. Edwards, D. D. will preach the dedicatory sermon of a new church at Nottoway Courthouse on Sunday

morning. Rev. J. J. Lafferty will preach on Sunday at Mount Moriah, in Albemarle county. Rev. Alexander W. Mississippi Troubles. NO PROCLAMATION AS YET-EVERYTHING REPORTED QUIET.

WASHINGTON. September 10 .- The Attor ney-General to-day telegraphed to Governor Ames requesting information regarding the present condition of affairs in the recentlyreported disturbed portions of Mississippi and is now expecting a reply. A dispatch has been received in response

to the telegram from the Attorney-General inquiring as to the whereabouts of Secretary Fish announcing that that gentleman is at his country-seat, on the Hudson, and that he will meet the Attorner-General at any point he may designate to confer upon the subject of a proclamation:

To this telegram the Attorney-General replied, informing the Secretary of State of his telegram of this date to Governor Ames, and delaying the proposed conference until atter a reply to that telegram shall have been received, the character of which, it is further judged, may be such that no further action may be necessary by the General Government.

WASHINGTON, D. C., September 10 .-There is a very decided opinion in all quarters here now that Governor Ames and his partisan coadjutors in Mississippi will fail in rican consul at Aspinwall to prohibit the their effort to make capital out of the comparatively insignificant riot at Clinton on Saturday. The efforts to force an Executive proclamation and military protection have been unsuccessful, as Attorney-General to be diverted from their original destination.

The circulation of the blood is the life of the body, and its stoppage is death. No disease can be in the body without first being generated in the blood; and no disease can possibly be in the body if the blood is pure. VEGETINE is the great blood-

The conviction is, in the public mind as well as in the medical profession, that the remedies supplied by the vegetable kingdom are more safe, more successful, in the cure of disease than mineral medicines. Vegeting is composed of roots, barks, and herbs. It is pleasant to take, and is perfectly safe to give to an infant. Do you need it? Do not hesitate to try it. You will never regret it.

For this complaint VEGETINE is the great reme dy. It cleanses and purifies the blood, causing pimples, eruptions, and humors to disappear, and does its work in a perfectly netural way.
